EDUCATION

Ontario College Diploma

Web Development and Internet Applications, Algonquin College | Ottawa, ON **Sept. 2023 - Present**

- GPA: 3.94 / 4.0
- Dean's Honours List in Fall 2023 and Winter 2024

Areas of learning: Front End Development, Back End Development, Database Design and Management, Network Operating Systems

PROGRAM-RELATED SKILLS

Programming Languages and Frameworks: Experienced with HTML, CSS, JavaScript, jQuery, Bootstrap, SQL, C#, ASP.NET, Python, and PHP. Skilled in using RESTful APIs and ensuring Cross-Browser Compatibility.

Development Tools: Familiar with Visual Studio Code, PyCharm, DataGrip, and Figma for coding, design, and prototyping. Experienced with version control systems like Git.

Database Management: Experienced in configuring, documenting, and maintaining server requirements. Skilled in designing, implementing, and managing databases (MySQL) for data retrieval needs.

Web and Application Development: Capable of programming and debugging complex applications using various technologies and tools for optimal performance and minimal errors. Developed and launched 10+ internet applications adhering to design best practices and accessibility standards, improving user satisfaction and meeting all client requirements within project deadlines.

Project Management: Skilled in project management concepts and strategies, contributing effectively as a member of a team for project success with a keen eye for detail. Familiar with Agile Methodologies and Scrum for efficient project planning and task management.

ACADEMIC PROJECTS

Figma Project: Movie Database Website | Graphics Technologies Course **Mar. 2024 – Apr. 2024**

- Conceptualized and designed the user interface for a movie database website using Figma, incorporating user experience and interface design best practices through feedback and testing.
- Engineered wireframes and prototypes to effectively visualize the layout and flow of the website.
- Collaborated with classmates to gather feedback and iteratively refine the design, demonstrating effective communication and teamwork skills.

- Partnered with classmates to develop a movie database website, leveraging team dynamics and communication skills.
- Utilized TMDB API to fetch movie data and integrate it into the website.
- Led the front-end development, designing and implementing user interface components with HTML, CSS, and JavaScript, ensuring responsiveness and user engagement.
- Developed and launched a user-friendly movie database website, meeting all project requirements and deadlines, showcasing strong project management and time management skills.

WORK EXPERIENCE

Cashier Assistant | Costco Wholesale | Ottawa, ON

Sept. 2023 - Present

- Efficiently packed member orders, implemented cleaning protocols, and provided exceptional member service, resulting in a 20% increase in positive customer feedback.
- Collaborated with team members to efficiently manage checkout lines during peak hours, minimizing wait times for members by an average of 10 minutes.
- Received consistent positive feedback for exceeding performance targets and contributing to a positive team culture. Commended with a picture displayed on the wall in January 2024 for receiving notable positive feedback from customers.

VOLUNTEER EXPERIENCE

Computer Teacher | Educational Volunteers Foundation | Turkey

Feb. 2015 - June 2015

- Facilitated interactive computer lessons for children, fostering enthusiasm for fundamental computer skills.
- Crafted a dynamic educational atmosphere that encouraged curiosity and foundational understanding of technology among young learners.
